BACHELOR OF SCIENCE IN APPLIED SCIENCE IN ALLIED HEALTH COMPLETION PROGRAM

Program Director

Dr. Silvia Stefan (330) 941-7157 sastefan@ysu.edu

Overview

COLIDEE

Graduates with an associate degree in dental hygiene, emergency medical services, respiratory care, medical assisting technology, medical laboratory technology, or in any medical/health related discipline (for example, radiological technology, physical therapy assistant, or dietetics) will be admitted to the BSAS in allied health program as juniors.

Graduates of non-accredited or diploma-based programs will be admitted provisionally and placed at a level determined by an evaluation of their program academic transcripts.

COURSE	TITLE	S.H.

9 hours of Any Upper Division Electives			

9 hours of Any Upper Division Electives 9
Electives to reach 120 hours (hours from Associate Degree count) 45
Total Semester Hours 120-127

Pre-admission counseling is required for students seeking entry to the BSAS in Allied Health. For greater detail on program content or admissions, students should contact the Department of Health Professions.

Learning Outcomes

The student learning outcomes for the major in allied health are as follows:

- Students will conduct a quantitative, qualitative, or mixed method research project involving data collection and analysis.
- Students will utilize current technologies such as computer and online systems/services to access and communicate information.
- Students will be able to analyze health care-related issues.
- Students will demonstrate effective written and verbal communication skills
