## BACHELOR OF SCIENCE IN APPLIED SCIENCE IN LONG TERM CARE ADMINISTRATION

## **Program Director**

Dr. Daniel Van Dussen (330) 941-1683 djvandussen@ysu.edu

## Overview

The Bachelor of Science in Applied Science degree in Long-Term Care Administration prepares students to become specialized, self-critical, accountable administrators in long-term care facilities. Facilities may include home and community-based care, assisted living, nursing homes, hospices, and related health care industries.

Students must complete all required coursework for the university and major and have:

- an overall GPA of 2.25
- · a "C" or better in all courses in the major
- · 1000 hours in an approved internship
- · 48 hours of upper-division courses
- 130-132 hours of coursework overall

A minor is not necessary for this major and the requirements for the 21semester hour Certificate in Applied Gerontology are fulfilled within the major.

Youngstown State University's Long-Term Care Administration program is accredited by the National Association of Long Term Care Administrator Boards (NAB).
