

BACHELOR OF SCIENCE IN APPLIED SCIENCE IN PUBLIC HEALTH 4 + 1 MHHS TRACK

Public Health

Wherever there's a community in need, public health professionals answer the call—driving action, advocating for change, and responding to crises. They work across diverse settings, including public health agencies, non-profits, academia, private industry, and health care organizations.

Students who choose the Bachelor of Science in Applied Science (BSAS) in Public Health 4+1 MHHS track can earn 9 semester hours of dual credit, which can apply to both their undergraduate and graduate degrees. After completing their BSAS in Public Health, they can finish their Master of Health and Human Services (MHHS) in just one year. Students in the MHHS program can select a concentration in health promotion, healthcare administration, or health informatics. Applicants to the MHHS program must have a minimum GPA of 2.7.

The BSAS in Public Health offers students the opportunity to specialize in one of the following emphasis areas:

- Public Health Generalist
- Health Education and Promotion
- Environmental Health and Safety

The curriculum for the YSU bachelor's degree in public health addresses each of the core disciplines in public health.

- Epidemiology
- Biostatistics
- Health Services Administration
- Environmental Health
- Behavioral Science/Health Education

This curriculum enables mastery at the bachelor's level of the nationally recognized foundational domains of public health and Public Health Core Competencies. All major courses can be completed through online distance learning options.

Students also have the option to pursue a minor in a field that enhances their degree in public health, broadening their academic experience and expertise.

Graduates of the BSAS in Public Health are well-prepared to obtain professional certifications. The degree provides a strong foundation for those pursuing the Certified Health Education Specialist (CHES) exam or the Environmental Health Specialist exam. Students interested in the Environmental Health Specialist exam must complete a statistics course and at least 30 semester hours of science coursework to qualify.

The program also offers a minor in public health. Students pursuing a minor in public health may choose one of the following emphasis areas:

- Public Health Generalist
- Community Health Planning and Evaluation
- Environmental Health and Safety

During the freshman and sophomore years, students are expected to take the courses that meet the requirements for general education. In addition to the English, mathematics, and communication requirement, specific general education courses for the BSAS public health degree include:

COURSE	TITLE	S.H.
FIRST YEAR REQUIREMENT - STUDENT SUCCESS		
YSU 1500	Success Seminar	1-2
or YSU 1500S	Youngstown State University Success Seminar	
or HONR 1500	Intro to Honors	
General Education Requirements		
ENGL 1550	Writing 1	3-4
or ENGL 1549	Writing 1 with Support	
ENGL 1551	Writing 2	3
Any Gen Ed Math	Statistics is Recommended	3-6
Natural Science (7 s.h.) (2 courses, 1 with lab)		7
Arts and Humanities (6 s.h.) (2 courses)		
HIST 2650	CL History of American Democracy	3
Any Gen Ed Arts and Humanities		3
Social Science Electives (6 s.h.)		
PHLT 1531	Fundamentals of Public Health ^{Required for major}	3
Social Science Elective		3
General Education Electives (9 s.h.)		
PHLT 1568	Healthy Lifestyles ^{Required for major}	3
CMST 1545	Communication Foundations	3
Gen Ed. Elective of Choice		3
Required Courses		
PHLT 1513	Introduction to Environmental Health and Safety	3
PHLT 1550	Public Health Advocacy and Policy	3
PHLT 2607	Ethical Issues in Public Health	3
PHLT 3702	Health Education Theory and Methods	3
PHLT 3791	Community Health	3
PHLT 3723	Global Perspectives of Public Health	3
PHLT 4826	Community Health Planning, Implementation, and Evaluation	3
PHLT 4899	Public Health Senior Seminar	3
AHLT 4806	Research Methods	3
AHLT 4810	Management Skills for Health Professionals	3
AHLT 5807	Epidemiology	3
HAHS 5875	Interprofessional Education for Health Professions	3
Choose one of the PHLT Emphasis Areas (12 s.h.)		12
Health Education and Promotion		
PHLT 2692	Human Sexuality	
or PHLT 3731	Drug Use and Abuse	
PHLT 3725	Topics in Public Health	
PHLT 3757	Health and Disease	
PHLT 5804	Multicultural Health	
Environmental Health		
PHLT 3709	Elements of Urban Environmental Health Practices	
PHLT 4808	Environmental Health Concerns	
PHLT 5810	Agents of Mass Casualty	
PHLT 5812	Crisis Management in Public Health	
Generalist		
Any Combination of courses from the Health Education and Promotion/Environmental concentrations above totaling 12 hours		
PHLT Upper Division Electives (12 s.h.)		12
Below are the courses that can be counted towards your upper division PHLT electives. Courses taken as part of your emphasis area do not count toward your PHLT upper division elective semester hours		
PHLT 3709	Elements of Urban Environmental Health Practices	
PHLT 3725	Topics in Public Health	
PHLT 3731	Drug Use and Abuse	

PHLT 3751	Public Health Impact of War and Conflict	
PHLT 3757	Health and Disease	
PHLT 4808	Environmental Health Concerns	
PHLT 4828	Grant Writing	
PHLT 5893	Workshop in Health Education	
AHLT 3740	Pathology of Infectious Diseases	
AHLT 5816	Environmental Regulations	
AHLT 5831	Industrial Hygiene	
PHLT 5804	Multicultural Health	
PHLT 5810	Agents of Mass Casualty	
PHLT 5812	Crisis Management in Public Health	

DUAL CREDIT REQUIREMENTS

HHS 6962	Health Care Policy	3
HHS 6958	Health Services Issues	3
HHS 6960	Health Education and Promotion	3

Additional Electives or Minor Coursework 13**Total Semester Hours** 120-125

A minimum of 120 semester hours are required for the BSAS in Public Health. No minor is required for this professional BSAS degree.

Year 1

Spring		S.H.
ENGL 1551	Writing 2	3
Natural Science Gen Ed		3
Any Gen Ed Math		3-6
HIST 2650	CL History of American Democracy	3
Gen Ed. Elective		3
Semester Hours		15-18

Fall

YSU 1500S or YSU 1500 or HONR 1500	Youngstown State University Success Seminar or Success Seminar or Intro to Honors	1-2

Elective or Minor		1

Semester Hours 13**Total Semester Hours** 120-125

- While completing the BSAS in Public Health, students must earn a grade of "C" or better in all required PHLT and AHLT courses.
- Courses taken under the Credit (CR)/No Credit (NC) option may not be counted toward to major.

Learning Outcomes

The student learning outcomes for public health are as follows:

- Students will demonstrate proficiency in the foundational domains of public health.
- Students will communicate public health information, in both oral and written forms, through a variety of media and to diverse audiences.
- Students will locate, use, evaluate, and synthesize public health information.
- Students will display competence in the public health concepts necessary for success in the workplace, further education, and lifelong learning.

The BSAS in Public Health program will provide students with instruction in the foundational domains of public health and prepare them to complete the following responsibility in relation to health education:

- Assessment of Needs and Capacity
- Planning
- Implementation
- Evaluation and Research
- Advocacy

- Communication
- Leadership and Management
- Ethics and Professionalism
