

OHIO TRANSFER AND ARTICULATION

Ohio Transfer 36 (OT36)

Formerly known as the Ohio Transfer Module (OTM), OT36 is a subset or a complete set of another college's or university's general education requirements that represents a body of knowledge and academic skills common across Ohio public colleges/universities, containing 36- 40 semester hours or 54-60 quarter hours.

Ohio Transfer 36 course(s) or the full Ohio Transfer 36 completed at one college or university will automatically meet the requirements of individual general education course(s) or the full Ohio Transfer 36 at another Ohio public college/university once the student is admitted. Students may be required, however, to meet additional general education requirements at the institution to which they transfer.

Upon successful completion of the OT36 model at YSU, a notation will be recorded on the student's official academic transcript in the semester following the completion of the OT36 model.
